

FOURTH ANNUAL
Amoeba Summit 2019

FRIDAY, SEPTEMBER 13, 8:00 AM—3:00 PM EST (UTC/GMT -4)

REGISTER AT FHCME.COM

Join clinicians and specialists as we launch a national and international movement to end deaths from Primary Amebic Meningoencephalitis (PAM).

AT FLORIDA HOSPITAL CHURCH
2800 NORTH ORANGE AVENUE ORLANDO, FL 32804 (USA)

THE EVENT WILL BE STREAMED LIVE AT WWW.HOSPITALCHURCH.ORG/LIVE

PRESENTED BY

The Jordan Smelski Foundation for Amoeba Awareness was established in loving memory of Jordan Cole Smelski, who passed away from Primary Amoebic Meningoencephalitis on July 2, 2014. The amoeba *Naegleria fowleri* is found world-wide, usually in warm, or hot fresh water. *Naegleria fowleri* has been found in lakes, rivers, streams, hot springs, under chlorinated swimming pools, private wells and under chlorinated public water systems. This free-living amoeba can be deadly if contracted up through the nose. The Jordan Smelski Foundation is committed to funding research, training videos for healthcare professionals and creating awareness of this deadly organism. Currently this disease is 98% fatal, yet 100% preventable.

The Fourth Annual Amoeba Summit 2019 is accredited by the Florida Medical Association to provide continuing medical education for physicians. The AMA PRA Category 1 Credit™ designates the amoeba summit for a maximum of 5 credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AdventHealth Orlando is accredited by the Florida Medical Association to provide medical education for physicians. AdventHealth Orlando designates this live activity for a maximum of 1.00 AMA PRA Category 1 Credit™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.
